

Plant factory of unique ingredients

Identification of bioactive compounds

## GreenHealth partners

# GreenHealthpartners

## CAH Vilentum University of Applied Sciences

General project management

- Experience in organic horticulture in under different stress conditions
- Development of cultivation protocols
- Broad international network in Agriculture

CAH Vilentum  
Drieslag 4  
8251 JZ Dronten  
the Netherlands  
E: [info@cahvilentum.nl](mailto:info@cahvilentum.nl)

## Fytagoras BV

- Development new technology for plant cultivation and plant starting materials
- Plant bioactivity screening and compound identification
- Strong collaboration with academic partners in metabolomics studies

Fytagoras BV  
Sylviusweg 72  
2333 BE Leiden  
The Netherlands  
E: [info@fytagoras.nl](mailto:info@fytagoras.nl)

## University of Applied Sciences Arnhem en Nijmegen

- Development of model systems for screening based on the nematode *C.elegans*
- Bioactivity screening of compounds and mixtures for food and pharma
- Screening compounds for toxicity

HAN Biocenter  
Laan van Scheut 2  
6525 EM Nijmegen  
the Netherlands  
E: [info@hanbiocentre.nl](mailto:info@hanbiocentre.nl)

## University of Applied Sciences Utrecht

- Developing, optimizing and validation of methods to assess safety and efficacy of (natural) compounds
- Developing methods that are alternatives to animal testing translational to human health with focus on gut health, allergy and obesity

HU Innovative Testing in  
Life Sciences & Chemistry  
F.C. Dondersstraat 65  
3572 JE Utrecht  
the Netherlands  
E: [int.fnt@hu.nl](mailto:int.fnt@hu.nl)

## Pivot Park Screening Centre BV

- Houses the last generation automation platforms making ultrahigh throughput screening (uHTS) possible, focused on early drug discovery
- As screening facility we make automation accessible for Life Science research ranging from small screens (1000s) up to high throughput screens (>500K)

PPSC BV  
Molenstraat 110  
5342 CC Oss  
The Netherlands  
E: [info@ppscreeningcentre.com](mailto:info@ppscreeningcentre.com)
